**SECTION A : 100 MARKS****INSTRUCTION:**

This section consists of **FOUR (4)** structure questions. Answer **ALL** questions.

**QUESTION 1**

- CLO1 (a) State **FIVE (5)** objectives of logistics.

[5 marks]

- CLO1 (b) Elaborate **FIVE (5)** participants in logistics operation.

[10 marks]

- CLO1 (c) As the logistics officer of Suncold Sdn. Bhd., apply any **TWO (2)** types of transport documents required based on the situations below.

Suncold Sdn. Bhd., a Malaysian exporter of frozen seafood, recently shipped a container of products to Singapore. During the shipping process, the company had to prepare several important transport documents. The shipping company requested proof of the contract of carriage, the carrier required a document showing the charges for transportation and customs officers needed a detailed list of all goods on board the vessel.

[10 marks]

**QUESTION 2**

- CLO1 (a) Identify the differences between Independent demand and Dependent demand. [5 marks]

- CLO1 (b) Discuss the component of inventory cost below. Provide examples to support your answer.
- i. Capital
  - ii. Taxes
- [5 marks]

CLO1 (c)

Annual demand	2,500 units
Holding cost	RM1.50
Ordering cost	RM18.75
Lead time	2 days
Working days per year	250

Based on the above information, calculate
